

**CANDIDATE FOR CITY COUNCIL MEMBER
CITY OF CHINO HILLS**

NAME: PETER ROGERS

AGE: 53

OCCUPATION: Businessperson/City Commissioner

Family Safety - Is there a more important issue to you than the safety and well being of your family? It's important for Chino Hills citizens to feel secure in their neighborhoods. I will continue to be an advocate for strong police and fire protection in our family-oriented community. Chino Hills will continue its reputation as the safest city in the county.

Rural Balance - We must be mindful of our rural environment. I will question any development project that seems inappropriate.

Tax Base - Chino Hills must have a strong tax base for financial stability. As a councilmember, I will proactively seek and encourage high quality retailers to locate along our business corridors.

Credibility and Experience - 19 years of civic experience has demonstrated my commitment to the citizens of Chino Hills. My diverse volunteer roles from youth sports president to city commissioner have established a sustained track record of commitment, integrity, leadership and results. Community dedication is the reason I have been named "Person the Year" by the City of Chino Hills (2002), Chamber of Commerce (2000) and California Small Business Association, one of 70 honored in Sacramento in May, 2006.

Please allow my proven civic and business leadership to serve you and your family.
